Dear Mrs/Mr,

Enclosed Small Entity Patent Application: " MULTIFUNCTIONAL APPARATUS
AND METHOD TO MANUFACTURE MINERAL BASALT FIBERS" including
Claims containing: Title. Text pages - 63 along with Abstract . Figures - 5.
Total pages -69.

This Patent Application is Continuation -in-Part of Patent Application:
Multifunctional Apparatus and Method to Manufacture Mineral Basalt Fibers

Control Number: 09/268,634 Art Unit: 1731 . Inventor: Vladimir B. Brik

and also

continuation of Provisional Patent Application : " Multifunctional Apparatus and Process
for melting Rock Minerals Capable of Forming Fibers to be Draw/ Attenuated": No:
60/189,265 filed on 03/14/2000. Inventor: Vladimir B. Brik

Declaration - Plant Patent Application Sheet and
Declaration - Supplements Priority Data Sheet
along with check payment on amount of three hundred fifty dollars (\$350.00)
are enclosed.

Sincerely:

Vlad. Brik

Vladimir B. Brik /Inventor/
